2:30 – 3:30	Level I Motion Amplification® Certification Exam
3:30 – 4:00	Review & Class Dismissal

The Exam has electronic form and need to be done on the PC computer/laptop with web browser.

For the examination, we are using a web-based exam service called ClassMarker.
Each of students will receive link to exam on last day of training.

The exam is 50 questions and each exam is automatically randomized, so that no two students will get the same exam.
Time: 1 hour.

Once the student finishes the exam it gets graded instantly.

Any missed questions will also be forwarded along with the exam results to discuss and explain if needed.

Certificates will be handed out immediately.
